## Overview

Our lead partner, PROGRESS, Inc. (Puerto Rican Organization for Growth, Research, Education and Self Sufficiency), and our entire staff share the belief that all children can learn and an unwavering commitment to make it happen. Our program integrates the theme of college and careers into its curriculum in each grade level. Advanced Placement classes, Regents, Pre-SAT, and SAT preparation courses are offered. Intensive guidance counseling is provided to every child. We offer quality training that will provide students with the skills required to become acquainted with the medical/health professions. Students may choose to assume an internship in a physician's office, hospital or clinic.
